A House in a Day

Saturday
14th November
Dawn until dusk

Can you help build a squatter's cottage? We will re-enact the tradition of building a house in a night, as many homes in Cleeton began.

We need your help, just as neighbours helped each other back in the 18th and 19th centuries.

Come and join us in this piece of experimental archaeology. We will use natural materials from the common land and traditional skills to create our cottage. Join us for an hour or stay all day to make history.

We need your time to help create something that hasn't been made in nearly 200 years.

Part of the *Common Treasury* project celebrating local heritage at St Mary's church Cleeton.

Zine workshop

12th November
2 – 4.30pm
Cleeton St Mary

Do you have stories to share about Cleeton, Clee Hill and the local area?

Join writers Rachel Sykes and Simon Moreton to explore local history, folklore, and the art of visual storytelling through homemade booklets called ‘zines’.

Make your own zine to take away and share your stories for display in St Mary’s church.

No experience necessary. Free workshop

Part of the *Common Treasury* project which will create heritage displays in St Mary’s church.
